

# THE DARROW SCHOOL

Dear Darrow Families,

We are thrilled to welcome your students back to campus in the fall. While there are many moving pieces in preparing for this return, safety and health are at the top of our priorities as we plan for life here on campus. As you have heard, there are many changes to our move-in process, to our use of spaces, and to our daily lives here while we navigate safety during a global pandemic. This has occupied most of our time this summer, and we believe we have the strongest possible plan in place to support our students' mental, social, physical, and academic health.

While we have dedicated our time to keeping everyone in our community safe, there are factors that remain unpredictable. An inherent risk of exposure to COVID-19 exists in any public place where people are present. We have faculty and staff who are going off campus, family members who work or go to school in different locations, and cleaning staff who will be helping us sanitize our spaces around campus. While we have many guidelines in place to make sure that these individuals are not interacting with our students in a way that would expose them to the virus, we need to recognize that eliminating risk is impossible for us at this time.

We strive to be in strict compliance with local and state regulations, and guidance from government agencies like the Centers for Disease Control and Prevention (CDC), Occupational Safety and Health Administration (OSHA), and local and state health authorities.

Our hope in acknowledging the risks of COVID-19 is to give you the best tools to make an informed decision for your family about on-campus or virtual schooling. By signing this form, you are in full recognition and appreciation of the risks of COVID-19 to which you may be exposed to during enrollment and participation at The Darrow School and do hereby agree to assume all COVID-19 related risks and responsibilities surrounding all activities undertaken as a student at The Darrow School.
